

St. Luke's Medical Center

Welcomes

FRED CHERON, M.D.

Board-Certified Internal Medicine Physician

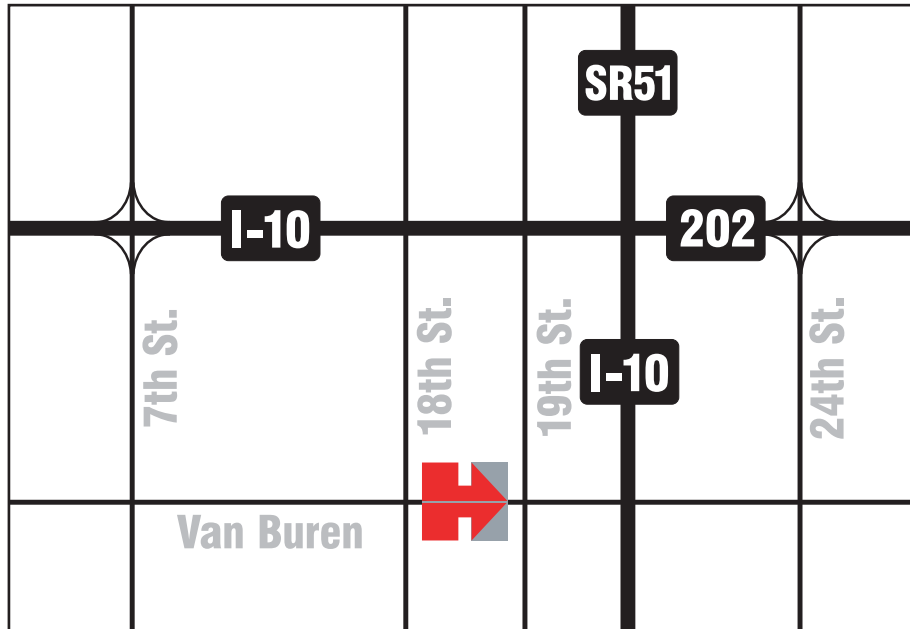

St. Luke's Medical Center is pleased to announce the addition of Fred Cheron, M.D., to the medical staff. Board-certified with the American Board of Internal Medicine, Dr. Cheron is a primary care internist with extensive experience providing internal medicine outpatient care to adults, including geriatric patients. He is currently accepting new patients at St. Luke's Internal Medicine, conveniently located on the campus of St. Luke's Medical Center.

Dr. Cheron has served as an attending physician at several health care facilities throughout New York. He has also provided professional services to private practices and care centers throughout Arizona. Dr. Cheron earned his medical degree from the Wayne State University Medical School in Detroit, Mich., and completed his internal medicine residency at Saint Vincent's Medical Center in Staten Island, N.Y.
